📍 Dhaka, Bangladesh 📁 Portfolio

OBJECTIVE

A highly motivated and detail-oriented Junior Web Developer with a strong foundation in modern web development technologies, including JavaScript, React.js, Next.js, React Native, Node.js, Express.js, MongoDB, and PostgreSQL. Passionate about leveraging software to create innovative, user-centric solutions that solve real-world problems.

Although I am at the early stage of my professional journey, I bring a strong learning mindset, collaborative attitude, and a commitment to writing clean, maintainable code. My academic projects and self-driven learning demonstrate my ability to quickly grasp new technologies and apply them effectively. I am eager to contribute to dynamic development teams, grow professionally, and make meaningful contributions through technology.

SKILLS

Front-End : Bootstrap, Tailwind CSS, JavaScript(ES6), TypeScript, ReactJS, Redux, Redux Toolkit, React Router, REST API, NextJS, Rest API, Authentication, Charts and Graph.

Back-End : NodeJS, ExpressJS, MongoDB, Mongoose, PostgreSQL.

Familiar : Typescript, Redux, Redux Toolkit, Aggregate, PostgreSQL.

Tools : Git, GitHub, Postman, Vercel, Hostinger, Heroku, Cloudinary, Chrome Dev tools, Figma, Photoshop and Jira.

Experience

Junior Web Developer

Zorg IT Group

Nov 2023-Dec 2024

Dhaka, Bangladesh

- Designed and developed modern, responsive web applications using React.js, Redux, Next.js, JavaScript, and Tailwind CSS to deliver high-performance front-end solutions.
- Built scalable backend services using Node.js, Express.js, and integrated databases such as MongoDB and PostgreSQL to manage data-driven features.
- Developed RESTful APIs and integrated them with front-end interfaces to enable smooth client-server communication.
- Collaborated with UI/UX teams to implement accessible and SEO-optimized websites using Next.js features like SSR and dynamic routing.
- Participated in Agile-based sprint planning, daily stand-ups, and code reviews, ensuring clean, maintainable, and testable code.
- Ensured cross-browser compatibility and optimized website performance across mobile and desktop platforms.

Web Designer (Intern)

ICT Bangladesh

Sep 2023-Nov 2023

Dhaka, Bangladesh

- Designed and developed responsive web pages using HTML, CSS, Bootstrap, and JavaScript, ensuring cross-device compatibility and clean UI.
- Collaborated with the development team to translate design mockups into fully functional websites, contributing to multiple client-facing projects.

PROJECTS

Zorg IT Group | Next JS,Node JS,Express JS,REST API,MongoDB.

- Developed and deployed a full-stack website for Zorg IT Group, integrating front-end and back-end technologies to deliver a responsive, secure, and user-friendly digital presence for the company.
- Implemented key features such as dynamic content management, contact forms, and performance optimization, enhancing user experience and improving the company's online visibility and engagement.

Inventory Management System | React,Redux,Node JS,Express JS, REST API,MongoDB.

- Built a scalable solution using React.js, Node.js, Express, and MongoDB with modules for product, sales, purchase, customer, supplier, and expense management, enabling real-time inventory tracking and operational efficiency.
- Implemented invoice generation, return processing, and interactive analytics dashboards to optimize workflows, reduce manual effort, and support data-driven decision-making.

Alumni Tracker App | React Native,Node JS,Express JS,MongoDB,JWT

- Led the development of an Alumni Tracker App as part of a college project for the JICA and Skill Competition initiatives, implementing key features like user authentication, admin authorization, student/teacher search, and department-based data filtering.
- Designed and integrated an admin dashboard with request management and privilege controls, enabling efficient tracking of alumni data and improving administrative workflows; collaborated with a team to deliver a scalable, server-backed solution

Makkah Zamzam Laundry Service | TailwindCSS,Next JS,SEO.

- Designed and developed a responsive, SEO-optimized front-end website for Makkah Zamzam Laundry Service, enhancing online visibility and providing a clean, user-friendly interface tailored to the client's brand and service offerings.

EDUCATION

Southeast University

Bachelor of science in computer science and engineering

2024-Ongoing
Tejgaon,Dhaka,Bangladesh

Cox's Bazar Polytechnic Institute.

Diploma in Computer Science and Technology

2019-2023
Cox's Bazar,Bangladesh

COURSES

Reactive Exhilarator (LWS)

Completed a frontend course on React.js and Next.js web development.

Full stack web development with MERN (Ostad)

Completed full stack web development course on MERN stack technologies.

Master Git and Github - Beginner to Expert (Udemy)

Learn git configuration, commit, branching, merging, contributing and collaboration with other's projects.
